

Player Profile: Jan Strevig

What team do you play for?

The Baltimore Blues.

What is your position?

Mostly pitcher, but I play anywhere but catcher.

How long have you played in the EWBC?

I have been with the EWBC for 22 years, give or take.

Why do you like to play baseball?

I was always a pretty good softball player – both fast pitch and slow pitch. As I got older, there was little opportunity to play fast pitch unless you wanted to be on a travel team, and slow pitch seemed to be coed only. When I found out about the EWBC, I jumped at the chance to play baseball and I've never looked back.

What baseball player (past or present) would you most like to meet and why?

Babe Ruth. He was my cousin (a time or two removed) and I think it would be cool just to hang out and chat about family and baseball.

What is the best advice you have ever received?

Whatever you do in life, have fun doing it.

What you do outside of baseball?

I work for Chick-Fil-A.

What is your favorite pre-game meal?

A bagel with cream cheese. I don't like to eat much before a game.
